### **Bulbs in pots: for the ultimate feeling of spring both indoors and out on the terrace or balcony**

Tired of winter and longing for spring? Is your living room, terrace or balcony ready for a breath of springtime? Create this new look in minutes - with bulbs in pots. Flowers, colour and sunlight brighten up everything you do. It's time to bring that sunshine back into your life. Good-bye to winter, hello to spring!

211806 - Muscari 'Blue Magic'

214568 - Crocus 'Flower Record'

### **Adding colour**

Adding colour and zest to your home can be done in many ways, and one of them is by using bulbs in pots. Just as textiles, candles and other home accessories create colourful accents, so do colourful bulb flowers. No matter what look you want to create, bulbs in pots are the perfect solution. Sometimes it's nice to rinse off their roots and display the whole plant, bulbs and all. Since the bulb contains all the energy it needs to grow and flower, just a little water provides beautiful results.

214482 - Hyacinthus 'Pink Surprise', 'White Pearl', 'Purple Sensation', Muscari 'White Magic'

203516 - Scilla mischtschenkoana

### **Inside and outside**

Bulbs in pots are available up to and through the Easter season. Kept indoors, they will bloom for an average of 7 to 14 days depending on the temperature in the living room. Bulbs in pots prefer cool temperatures (not above 20 °C), so choose a spot that's not too warm. Kept on a terrace or balcony, bulbs in pots provide weeks of cheerful springtime colour!

211849 - Muscari 'Ocean Magic'

214678 - Hyacinthus 'White Pearl'

### **So many different kinds**

And they make it smell like spring, too! Sweetly scented hyacinths, heart-warming daffodils, colourful grape hyacinths, and charming little squills in a pot: they can't help but brighten your

day! Just a glance in their direction is enough to lift one's spirits.
